MARKING A MILESTONE

GREETINGS OF ORGANIZER

Dear Friends,

On behalf of the organizing team I'm pleased to welcome you to the 21st International Conference BLACK SEA GRAIN.KYIV.

This year is special, as our team celebrates the 30th anniversary of UkrAgroConsult. We remain faithful to our mission of consulting the business that feeds the world, providing comprehensive agricultural market analysis and Black Sea Grain events for the global leaders of the grain and oilseeds industry.

Our previous event, BLACK SEA GRAIN.EUROPE, held in Prague in February, became a key market platform for strategic discussions, encouraging closer cooperation between Ukrainian and European operators, exploring new ways of doing grain business and responding to the ongoing market change.

Today, we continue to search for the right solutions in Ukrainian agricultural market, paying close attention to the prospects for the next crop, land market, recovery and investment trends, logistics in the Black Sea and Danube regions, the impact of EU agricultural policy, as well as the outlook for global demand for Ukrainian grains and oilseeds.

I sincerely thank all Conference Delegates, Speakers, Sponsors, and Partners for participation and professional exchange – together we stand for the recovery and development of agricultural Ukraine.

Sergiy Feofilov

Director General
UkrAgroConsult

GREETINGS OF GENERAL SPONSOR

Dear participants, guests and partners of the conference!

Abbey Commodities DMCC is pleased to welcome you to the 21st International Conference "BLACK SEA GRAIN. KYIV-2024". We are proud to continue to be a part of this significant event as a General Sponsor and active participant. Our presence here confirms the immutability of our values and commitment to the development of the Black Sea agricultural sector.

First of all, we would like to express our gratitude to UkrAgroConsult for its tireless work and ability to organize this forum despite all the challenges. Your work is an example of resilience and commitment.

The past two years agricultural business has been facing lots of challenges, but thanks to our joint work we have been able to make significant progress. Now, as we look ahead, we see new opportunities for recovery and development.

This year's conference offers a rich program: from exclusive analytics to discussions of macroeconomic trends and long-term forecasts. We will evaluate changes in the land market, the role of the state and the private sector in investment for recovery, and the further development of Ukraine's relations with the EU.

We will also discuss the importance of the Black Sea and Danube regions in global trade, the growing competition for these markets, and how Ukraine can respond to these challenges. We will also touch upon new markets for agricultural products and Ukraine's consolidated negotiating position with its European and Polish colleagues.

"BLACK SEA GRAIN. KYIV-2024" is not just a platform for professional communication, it is a heart that beats concurrently with each of you, fostering strong partnerships and helping us to grow in these challenging times.

Working side by side, we will not only raise the agricultural sector, but also strengthen our country's economy. Believing in our common mission will give us the strength to achieve incredible heights and significant changes.

I wish everyone fruitful work at the conference and new successes in the future!

GREETINGS OF SPONSOR

Dear Participants of BLACK SEA GRAIN.KYIV-2024,

The years of war in Ukraine have been challenging. The agricultural sector has also faced a number of problems. Occupied lands, mined fields, constant shelling, destruction of logistics, blocking of Ukrainian agricultural products at the borders.

Ukrainian farmers have been demonstrating real heroism for two years now, continuing to work in such conditions. Prometey is pleased to see all the participants of BLACK SEA GRAIN and is ready to share its own business experience.

We are confident that by joining forces, the Ukrainian agricultural sector will not only be able to survive, but also reach a new, much higher international level. We know the true value of Ukrainian land, so we value every centimeter of it and all the fruits it gives us.

GREETINGS OF SPONSOR

Welcome to BLACK SEA GRAIN. KYIV-2024 Conference, a premier event that AmSpec Ukraine is honoured to sponsor. As your dedicated partner in Testing, Inspection, and Certification (TIC), we are committed to providing expertise that contributes to a safer and more sustainable world.

The significance of this event in Kyiv, especially in the challenging conditions of April 2024, cannot be overstated. Located at the heart of the Black Sea region's logistics chains, our team faces daily pressures from safety challenges and rapidly changing rules and conditions. Despite this, we continue unwaveringly with our business operations, strategic investments, and philanthropic efforts, supporting our staff and their families through strenuous schedules and sleepless nights.

At AmSpec, our mission is to deliver professional, reliable TIC services globally, upholding the utmost standards of quality, accuracy, and precision. We are working steadfastly toward a brighter future, firmly believing in the resilience and prosperity of Ukraine and its industries, state, and economy. We are proud to be your TIC partner during these times of hardship and transformation.

Together, we look forward to celebrating a peaceful, triumphant era for Ukraine.

GREETINGS OF SPONSOR

On behalf of QSS Global SA, I am delighted to welcome all the participants of the 21st International Conference "BLACK SEA GRAIN.KYIV", an event we are honored to sponsor this year.

QSS Global SA is an international fully-certified leader in providing inspection, testing, verification and certification services for agricultural and metallurgical industries. With headquarters in Switzerland and numerous branches worldwide, including our large division in Ukraine, we are able to professionally, efficiently and cost-effectively meet a wide range of customer requirements, using the latest technologies to simplify the processes.

In spite of the war, we remain very active in Ukraine, constantly readjusting our operations to the new threats, risks and demands, expanding and strengthening our presence around the Danube and Black Sea regions, supporting local partners and ensuring the highest level of services in often extremely difficult circumstances.

In current volatile environment, it is vital to have an opportunity to discuss in person the emerging trends, existing problems and effective solutions for the agricultural sector, and grow a network of likeminded industry professionals.

Therefore, I would like to express my deep gratitude to the UkrAgroConsult team, who successfully continue to gather together our industry's main players despite these challenging times.

I hope this conference will be beneficial to you all, and I am looking forward to connecting with as many of you as possible.
